

Splash and Ripple

Think about your hypothesis

If...

Then...

What are your rocks, ponds, and kids? (Resources needed to do the work)

Where and how do you throw your rocks? (Activities or actions that you take)

What is the splash? (Output or immediate outcomes)

What are the ripples? (Longer-term outcomes and impact)

>>>> Is your “then...” a splash or a ripple?

Hypothesis Worksheet

Write your hypothesis in its current form:

If...

Then...

Take a few moments to think about **why** you believe this is a correct hypothesis. Write a sentence or two that describes this.

Now think about **how** the actions lead to the results. Probe a little more into the route that goes from the action to the results. You may want to think about this in terms of splash and ripples. Write a sentence or two.

Roadmap of Your Strategies

Then...

If...
